

# Harrisville City WALKABILITY AUDIT FORM

Thank you for participating in Harrisville City’s Walkability Audit. The goal for this audit is to identify and strengthen community access to open lands such as parks, employment, access to shopping and education. Please identify the areas which you have found deficient in obtaining this goal.

Items we are looking for are as follows:

Completed By: \_\_\_\_\_

❖ Side Walk Conditions

Phone: \_\_\_\_\_

- Continuous
- Broken / Cracked
- Missing segments
- Interrupted segments
- No sidewalk
- Blocked segments (branches, debris, vehicles, etc)
- Curb / Gutter present
- Buffer area between road and sidewalk
- Ramp access at corners for wheelchairs, strollers, and wagons
- Crosswalks clearly indicated
- Other

This will be for questions only when reviewing your findings. The city will not distribute this information.

❖ Access

Is there unobstructed access to public infrastructure, parks, employment, shopping, or education in this section without having to walk in a right-a-way? Yes or No

Please use the map on the reverse to indicate where areas are deficient with any notations. Please print clearly for information transference.

Notations: \_\_\_\_\_
